

Guideline for the support pot for students from crisis areas of the war in Ukraine

1. General requirements

1.1. The requirements for the granting of support by the Student Union at the Graz University of Technology (hereinafter referred to as HTU Graz), are:

- a) the student is a member of the HTU Graz
- b) the student is studying at the TU Graz
- c) the student is in an emergency situation in the sense of this guideline
- d) the student does not receive sufficient support from any other source.

There is no legal claim to the guarantee of support by HTU Graz.

1.2. Support from HTU Graz can only be granted if there are no possibilities for public support or if they have already been exhausted.

1.3. The applicant must be able to credibly demonstrate that the event that caused the financial hardship occurred in the immediate past, is related to the acts of war in Ukraine, and that it is not possible to improve it due to the current situation.

1.4. The applicants will be checked according to the current sanction measures. If applicants or their parents appear on the financial sanctions list of the European Union, no payment will be made. Likewise, HTU Graz reserves the right to refuse support to students who actively support the Russian war effort.

2. Definition of emergency

An emergency situation in the sense of these guidelines exists if the livelihood or the continuation of studies at Graz University of Technology is endangered due to the acts of war in Ukraine. The main focus here should be on grade situations caused by the war, for example by the sudden loss of financial support from the family or inaccessible funds due to the war.

Inaccessibility of these regular benefits - e.g. inaccessibility of family assistance due to the current acts of war - are to be documented in writing and attached to the application.

In principle, an account balance of less than 2000 euros should be available and documented as of the cut-off date of 28.2.2022. If large expenditures have been made only after the cut-off date, which are related to the war situation and have created the student's hardship, this must be justified (for example, financial support for parents in the crisis areas after the start of the semester).

3. Application

3.1. Applications for support from the emergency fund can be submitted by students to the Social Department of HTU Graz and will be processed as soon as possible.

3.2. Applications can be submitted until June 30, 2022 for the time being. If the war in Ukraine should continue, an extension can be decided in a university council meeting of the HTU Graz.

3.3. The application is to be made by means of the form provided by HTU Graz (linked at htugraz.at/ukraine). This form is to be filled out completely and truthfully, and the following documents, if applicable, are to be attached completely and up-to-date when the application is submitted for the first time:

- a) Copy of a personal document (e.g. passport),
- b) citizenship, visa, or other document that proves the (family) connection to the crisis region,
- c) Bank statements of the last 3 months, which prove financial payments from the crisis regions (e.g. by the family) or a justification why these cannot be provided,
- d) Study sheet from the TUGRAZonline,
- e) Confirmation of enrollment for the current semester,
- f) names of parents,
- g) written explanation of current need.

3.4. Applications can only be submitted until the funds made available by HTU Graz have been exhausted. In principle, we work according to the first come-first served principle.

3.5. Should the available budget of the emergency fund be completely exhausted, an increase can be decided in a university representation meeting of HTU Graz.

4. Procedure and awarding

4.1. The total amount of funding of the Ukraine Emergency Fund of HTU Graz is 80,000 Euros.
