

DEPARTMENT OF PHYSICS

University assistant without doctorate (m/f/d)

Application deadline: 19.06.2024

Salary Category: B1 ohne Doktorat

Salary per Year (Full Time): € 50,103.20

Employment Start: July 2024

Hours per week: 40 h/w

Duration of Contract: Temporary employment

Temporary Employment: 4 years

Philipp Spitzer
Chemistry Educator

Thomas Galik
Botanical Gardener

Kathrin Zierler
Project Manager

Your Responsibilities

- Writing a dissertation in the field of Surface Science
- Participation in research projects conducted by the research group Surface and Interface Science
- Teaching courses and assisting with teaching and examination tasks in the Bachelor's degree programme in Physics
- Student support and supervision
- Participation in organizational and administrative tasks

Your Profile

- Completed diploma or master's degree in the field of Physics/Physical Chemistry
- Excellent command of written and spoken German and English
- Very good IT skills
- Knowledge of the concepts and experimental methods of Surface Science
- Highly committed and motivated approach to academic work
- Independent, goal-oriented approach to work
- High level of social and communication skills

We offer an annual gross salary of € 50,103.20 for a fulltime position.

We Offer

- **Meaning:** We offer meaningful work for the world of tomorrow.
 - **Collaboration:** With us, you'll find interdisciplinary, cross-professional opportunities to work together.
 - **Diversity:** Besides our various scientific fields and their related issues, we offer a working environment in which diversity is lived.
 - Our internal continuing **education program** is as colorful as the university itself.
 - **Benefits:** Of course, there are all the usual benefits, from A "access to healthcare services" to Z "Zero emission goal".
 - **Flexibility:** We demonstrate flexibility not only with the various working time models but also through the offers for the compatibility of family and career.
-

About us

At the University of Graz, 4700 employees work together on future questions and solutions for the world of tomorrow. Our students and researchers face the great challenges of society and carry the knowledge out. We work for tomorrow. Become part of it!

The Institute of Physics is seeking a highly motivated young individual for the Surface and Interface Physics group to participate in experimental research projects aimed at elucidating surface processes at the molecular and atomic level through the use of low-temperature scanning tunneling and atomic force microscopy.
